

Helping Humboldt County Families Soar!

CAPCC's focus for September is promoting individual, family and community resiliency. Please join us at any or all of the following:

North Country Fair- September 18th and 19th. We are promoting resiliency by offering the fun, family oriented activity of kite building. We still need donations of time (for booth coverage), materials or money.

Also, plan to bring a child by sometime over the weekend and build a kite!

CAPCC Topic/Discussion Meeting- September 24th, 12:15-1:30pm, Wellness Center Conference Room. You guessed it, the topic is "What you and your organization can do to promote resiliency". First 5 Humboldt Consultants will present a short power-point and then we will join together in a facilitated discussion. Please RSVP if you plan to attend.

To RSVP, offer donations or if you have questions about any of the following contact:
